

solid wood table

This is a classic family table, whose simple form really brings out the beauty of the wood. Every piece is made from one single trunk, so each is truly unique.

The classic construction with the visible longitudinal frame is stable and durable. The table legs are available in two versions: straight or tapered. The table comes at a standard height of 74 centimetres, and two widths of 80 or 90 centimetres. It can be between 180 and 300 centimetres long.

The wood available is oak, American walnut, ash, American cherry, all of them oiled or lacquered. This lovingly crafted and lively wooden table only gets more beautiful over time. A family heirloom, passed on from generation to generation.
